### GRANVILLE'S TEAM

Going to Canberra

Arrangements have been completed for the visit of the Granville team to Canberra on Sunday, to play the Canberra Club. The occasion is an important one, for Granville is the first senior team to make a journey to territory outside of regional affiliated associations' areas in a number of years. It is hoped that the importance of the occasion will not be overlooked, and perhaps a foundation stone may be laid to commemorate the occasion.

## DIARY OF AN ENGLISH VISITOR

(Contributed.)

I have just received a copy of a diary kept by a gentleman who visited Australia with the men. Herewith a few extracts.

Arrived in Australia, and am surprised; the place appears to be large, spacious in fact. An Australian did approach me, knowing of my identity, and told me an unmerciful tale as to how thousands of Australia's can be accommodated in Australia. That the fellow with confidence calling in at divers places in Melbourne, where the did greatly amuse me. He speaks about the width of the thoroughfares and the length of the flappers' skirts. I have not yet met the Prime Minister, but expect to. Have heard of terrible rumours anent the happenings of this town, but he throw me into a panic, and I am glad to be quit of it, and my money sewn into the lining of my jacket.

Spent this day by rail, and was glad to escape from the city where a big crowd did assemble to do us honor, and who were at our bowler hats and coats which I do consider of bad taste.

Was greatly shocked at these things, and when I return home I feel it my solemn duty to tell that some of their best men have sold their precious souls for profit. Whereupon I am convinced that they will surely err, and up and tell them upon which they treat me with great attention, but do not give me five pounds nevertheless.

Feeling a great homesickness for no fogs, no rain, only sun and it is winter weather.

The townsfolk are filled with airs and graces about the sunshine, and do ask eternally, "What do you think of our Harbour?" and it does weary me so that I placed a placard in my hat saying "the Harbour is top-hole," for which Heaven forgive me.

So far no cannibals, no alligators, no cowboys, and do greatly

fear that many tales we have heard are without foundation.

We winning all matches,, which does not greatly surprise me; but there has been great outcry on account of our not permitting substitutes for players our men knock out, which I do feel shows a mighty wisdom on our part.

To Bondi, where the inn is of passing comfort and size, and the dinner somewhat after my taste—if not quite. So far nothing approaching the Cecil or Waldorf at home. Bondi is noted for its sharks, which do grievous harm to human beings; none of the party has gone surfing—on account of the cold.

Am greatly offended to learn that we English are called "Pommies" out here, some do not mind at all, but it hurts my dignity, and I feel it my duty to report the matter to King George upon my return home.

North by railroad to Brisbane, where are grown many strange fruits, and where one may win £5000 for some five shillings, whereupon I did take a ticket and did lose, it being a most ungodly institution.

To-day a terrible calamity did befall one of our men, who awakened to find himself unable to stir from his bed-chamber on account of his breeches having mysteriously disappeared therefrom. Whereupon a search being made no money was found, some knave having purloined it in one lump but leaving his garments for which Heaven be praised, they being the only pair he possessed.

To Bundaberg in the North, where they grow bananas, sugar and treacle, and where a heat wave compelled me to cast off my woollens. I being greatly put to it to keep cool.

Do count it a dire disgrace that the railroad trains are so abominably slow, they do give one the cramp with sitting.

Liking Australia no better, still no rain, but plenty of sunshine, and an added horror has inflicted itself upon us—things called mosquitos—which do stab one with a needle-like pain and raise unsightly mounds upon one's person. So far have managed to keep free from facial disfigurement, for which I do heartily congratulate myself, but all the others are a sight to behold. Everyone tries to be kind and cordial out here, but we do not encourage familiarity of any kind, it being best to be calm and dignified.

Have been presented with many souvenirs and gifts, including walking canes and boomerangs, things called come-back sticks. The former are rather good, and we are sorry that we did not bring our spats to go with them, and the question as to whether we would despatch a cablegram for our monocles was seriously considered. As far the latter, the boomerangs, which mean the Australians hope we will come again. Heaven forbid that I at least should do so!

## THEY SAY.

That the three best organised clubs in Sydney to-day are Granville, Gladesville-Ryde, and Eastern Suburbs.

That the controllers of the Tricolours deserve every congratulation for their recent fine efforts which have placed them in the position of being one of the leading clubs in the Metropolis.

That Gladesville-Ryde will win to-day if they concentrate on football, and that the match should be a fitting wind-up to a most successful season.

That a new Western Suburbs District, including Auburn, is the natural corollary to the outstanding successes of Auburn teams, as well as Granville during the past couple of seasons.

## NORTHERN NEWS.

Kurri Kurri played poorly against Cessnock, and would have been beaten 4—1 only Perce Lenard had left his shooting boots at home.

Larry Foley, remembered best in Sydney as the centre forward of Balmain Fernleigh, had an accident at "the pit" recently, and had to have a middle finger amputated at the joint; he was unfortunate enough to have another finger crushed.

Opinion in Kurri is that Eastern Suburbs is a very fine team, and Kurri officials cannot understand how it is that Easts were so low down in the Sydney Premiership competitions.

Williams, of Cessnock, is making a name for himself as outside right, and it is thought that he will be the international right wing of the future.

"Dutchy" Phillips has not yet recovered from a knee injury, and this is the real reason why he has not played for Kurri recently.

This is the last season for the N.D.B.F.A. on the Tramway Gnd. A new ground has been bought, and is being put into order for next season.

## DID YOU KNOW THAT

This is the last issue of "Soccer News" for season 1925, and the Editors desire to express their thanks to all contributors and advertisers.

Canterbury, Eastern Suburbs and Pyrmont (?) have all indicated their willingness to enter the new South Coast competition.

The first match takes place to-day, and will be between Corrimal and Canterbury at Corrimal.

Referee A. W. Bates officiate at the Balgownie town Gardiner Cup game at Newcastle next day.

The West Walls G.C. semi-final engagement place at the Tramway Gnd. to-day, and the referee will be F. Harvey, Secretary of the castle Referees' Association.

Should the match Granville and Gladesville be drawn, the re-play will take place at Clydebrox Park, as the Sydney Ground No. 2 will be handed to the cricketers after the season.

## SCHOOL FOOTBALL

Some years ago Mr. F. P. Lewis, President of the P.S.A.A.A., drew attention to the fact that a smaller size should be used for school matches. This obtained matches under the jurisdiction of the P.S.A.A.A., but especially in other States, that the standard type of ball was fairly commonly used. Mr. Lewis, manager of the team, stated that there are special laws of the game to govern school ball, and for example, the ball should be lowered, to give the goalkeeper as much chance to stop the ball going into goal, as in the matches.

The law of the game for a ball not less than 2 1/2 nor more than 28 inches circumference and not less than 15 ozs. nor more than 15 1/2 ozs. weight (size 5). These regulations must be adhered to in junior and senior football competitions. The ball has been standardised for school teams and juveniles up to the age of 16 years less than 24 inches, and less than 26 inches in circumference and not less than 10 ozs. nor more than 12 ozs. in weight (size 4), and our Junior Football Association should certainly insist on this ball to be used in the under 16 competitions."

## PLAN OF CAMPAIGN.

ing out a plan of campaign game begins is a policy. In deciding upon the of play many things be discussed. First you remember the strong and ints of your own men. It is saying that your op can be upset by bustling rush tactics if your own is not composed of indi who can last through the enuous ninety minutes shouting, "bellows" to before the finish. In the same way you cannot success for an eleven to adopt "patern weav- methods if it does not pos- tricky skill that such ends.

a really good team in plan, however, there is why its members should in suiting their play the occasion nine times. Thus if you should upon to meet scientific on a muddy pitch, you be well advised to try the ball about a bit more anal, while against kick players on a hard pays to keep the lea- dose as possible.

you must know that one weak player in the team, for this case you as much play as pos- is direction, hoping that will prove too much, he will allow himself erate into a "passenger." ## JAMES CRUM.

The latest exploit of James Crum, player and President of Annandale Club, is to referee the referees at football, and from accounts he did better than some of the "amateurs" have done in similar matches in other days. Crum has been a tower of strength to Annandale-Leichhardt this year, and at the latter part of the season struck the form which earned him representation in New South Wales and Australian teams a year or two ago. He is a resident of Annandale, and locally born, and played first with Dulwich Hill, then Pyrmont, and later Sydney and Pyrmont Rangers, for which club he played last year.

## STAN. ALLEN.

The controller of the cash at Ibrox Park is always willing to give a helping hand to the hard worked management committee at the big matches. He has filled many parts as an energetic worker in the good old cause, his first official position being that of Secretary of the Dulwich Hill Club, which graduated to the Second Division of the First Grade in 1921. In 1922 he was a knight of the whistle, and was very successful, and it is hard to understand why he gave up this branch, for the game is badly in need of first-class men in this department. He was one time assistant Hon. Sec. of the Metropolitan Junior Association. One feels satisfied that the Ibrox Park funds will be quite safe in his care.

## COMMITTEE OF INQUIRY.

The personnel of the Committee of Inquiry investigating the loss of £185 from the change at the R.A. Showground on July 18th, has been enlarged, and is as follows:—Messrs. H. Connell, M.L.A., R. Greig, M.L.A., E. Luke-man (Secretary F.A. Aust.), H. Armstrong (N.S.W. P. and D. Committee), and Alderman H. Epps, of Granville.

## RICHARDSON CUP.

### Semi-Final Draw.

Merewether v W. Wallsend or Cessnock Rovers, in Newcastle. Auburn or Canterbury v Kurri Kurri Juniors, or Boolaroo, in Sydney.

The Auburn-Canterbury game takes place to-day, and the Gardiner Cup semi-final between the winner of this match and Kurri or Boolaroo will be staged in Sydney the following Saturday.

## THANKS.

As this will be the last issue of "Soccer News" for season 1925, the Editor takes the opportunity of thanking advertisers and contributors for their very valuable help during the past year. Our relationship with the clubs and the Junior Associations have been of the happiest, and a renewal in 1926 is looked forward to with pleasure.

## DID YOU KNOW THAT

Patsy O'Hara, the referee, is identical with the giant full-back of the Navy and Gladesville Clubs.

W. Carroll, ex-Pyrmont and Annandale player, and a Metropolitan Selector, has a collection of twenty-one medals (five of which are Gardiner Cup).

## GENERAL NEWS.

The Corrimal Club is making great improvements to its ground at Corrimal, and hopes are entertained that it will become the leading ground on the South Coast.

The Corrimal Club is now allowing Metropolitan Clubs one-third of the nett gate receipts in addition to fourteen return concession fares.

Mr. A. Hunt, President of the St. George Club, and proprietor of the Bexley Printing Press, is kindly donating the tickets for the "Jock" Murray benefit.

## REFEREES' REMINDERS.

1. Don't forget that your Referees' Association exists for your improvement and protection, and it is incumbent upon you to attend the meetings. Also that your attendances are carefully noted by the officials.

2. Members wishing a decision or a ruling at any point of play, incident or law of the game, should forward a statement to the Secretary three days before any meeting, when a ruling will be given by the Chairman.

3. Be punctual; don't keep teams awaiting your arrival.

4. Be careful to charge exactly what you are entitled to—no less and no more.

5. Keep your temper.

6. Don't get flurried.

7. Don't argue with players.

8. Don't stop a game unnecessarily.

9. A little tact does a great deal sometimes.

10. Don't try to justify your decisions afterwards.

11. Ignore the spectators; satisfy your own conscience.

12. Never forget that—the least said the soonest mended—both on the field, in the dressing room, and during the week.

## Protestant Churches Association

At what is practically the termination of the active football season, the Churches would take this opportunity of saying "so long till 1926," to its many friends—both old and new. We do not think they're any enemies.

We would also like to thank kindred organisations for the assistance and courtesy that they have at all times extended towards the P.C.S.F.A. The Junior Board in particular the Churches have tried to support, as we think that it is only my making a united stand that Soccer can progress.

Thanks are also due to the Editor and Manager of this paper for the courteous manner in which we have been treated.

The reason of the Churches' success is that they possess a most harmonious management, which is not out for selfish ends, but to foster the good of the old round-ball game.

### LAST SATURDAY.

St. Aidans A could not even extend Holy Trinity A last week. Except for one period of about 15 minutes in the second spasm, St. Aidans A were a beaten team the whole time. Steve and Vic Heyward played well, as did Morgan and Bently. If this latter player had a little more weight he would be one of the Churches' stars.

There was only one untoward incident during the whole match, and that was from the 'Dale team. Some of the mates on the line of one player spoke to him, and his reply reminded one of Banjo Patterson's "Clancy of the Overflood."

"And the language uninviting, Of the gutter children fighting, Came fitfully and startfully, Through the open window sill." Only it was across the open field.

St. Thomas A, though only light, played a great game, and extended St. Bartholomews to their utmost (the result was 1—1). The game was fast and open throughout the whole time, both teams being all out, though it is not thought that St. Bartholomews were at their best. Garland and Flynn both played good football.

Croydon Congs A proved too good for Holy Trinity B by the odd goal in three. Trinity tried the kick and rush tactics, but Croydon combination was paramount. Trinity were unfortunate that both the half-time and full-time whistles were blown when the ball was in a dangerous position in front of their opponent's goal. Smith and Hirst were the outstanding players.

Hurlstone Park Meth. could only muster ten men against their Botany contemporaries, who put it over 2—0. St. Silas, in their deferred match with Croydon Congs. B tossed them 10—1.

### To-day's Games.

The final of the First Grade K.O. will be staged on Leichhardt Flat to-day, under the whistle of Mr. R. J. Bidmead. Holy Trinity A are flushed with victory (they are undefeated this year), and think they can easily account for Capt. Travers' team. Trinity have twice towelled All Saints, and reckon they can complete the hat trick. If All Saints are not defeated before they go on the field, and do not go to pieces, they'll have a fair chance, but still it is thought that Steve's team will carry off both Cups.

The early match will be the re-play between St. Bartholomews and St. Thomas A. The Rozelle boys will have a stronger team in to-day, but then again St. Barts. will probably strike form. At any rate it should be a good game, and will be handled by Mr. Critchley.

Botany Pres. think they're going to towel their Methodist friends to-day, but they'll need to be very lucky. Sec. Robinson's team should win after a fairly hard game. St. Silas won easily against Croydon Congs. B last Saturday, but we think a different tale will be told after to-day's match at Croydon.

### Hilton Warren.

Teams and players alike will be glad to hear that Hilton is doing as well as can be expected.

### ST. THOMAS A.

This Club was founded in 1923, in which season only two matches were won, and three drawn. W.

Jolliffe and R. Seddon represent the Association. In 1924 the team had only notched points after playing 13 matches and then turned round and selected 9 out of a possible 14 the last five matches.

In 1925 the team did not suffer defeat, and ran out winners of 3rd Grade A Division.

T. Camoux, W. Jolliffe, Wynn and F. Pierce have been playing since the Club's formation. Freddy Pierce has the secretarial reins for 1925 and he is fast becoming a capable Hon. Secretary.

Flynn and Breen were selected for representative honours last year.

### LAKEMBA CONGS

The Club was founded in 1922, it entered a team in 2nd Grade, and in 1923 it was promoted to 3rd Grade. The Club was making itself a name in the district is shown by the fact that in 1922 the Club entered two teams in 2nd Grade A Division, which runners-up, with Dulwich Hill winners, and a team in 3rd Grade ran fourth to St. Bedes. In this year were unfortunate in a number of accidents, when 2 of the A team, had the misfortune, his leg broken on King's Bridge, and against Lachlan Rangers. Williams, a Rep. player on occasions, sprained his ankle. Arraghi, of the B team, broke his leg. The Club also this year faced bereavement, in the loss of 2 of the B team, who was drowned, a fine fellow, and thought of by his clubmates.

In season 1923 the Club won teams against one in 1st Grade, one in 2nd Grade, B Division, and went very close to winning 3rd, while the A team found A Grade proposition.

Season 1924 found the Club rich harvest with a team in 1st and one in B Division 3rd Grade, though the A team didn't win the championship (running 3rd to St. Balmain), they carried off the competition and K.O. Competing B team won their premier great record, played 18 games, drew 1, and lost 1, with a score of 67 for and 7 against, while in the meeting the Club ran off with 1st and 2nd place, 100 yards; 1st, C Grade, 100 yards; Association 880 yards; 1st, 100 yards; Association mile; 2nd and 3rd, 100 yards.

1925 season sees the Club with two teams in the field, although the players have migrated. The team ran out undefeated premier Grade, A Division, while the B team are fighting hard in 3rd Grade (nothing about last). Although the Club has left us free from serious losses the Club was once again victorious.

Hall, a member of the B away at his home on 5th was one of the most popular of the Club, and his death will be missed.

suffered a double loss at the end of the season, when Mr. Williams, the Club President, and Mr. Minton, the well-known Club both foundation members, retired from the Club after four years' and valuable service, their places being filled by Mr. W. ## MR. E. JONES.

## Referee and Administrator.

Mr. E. Jones, President of the Metropolitan Juniors, and Hon. Secretary of the Sydney Referees' Association, can boast of continuous service to the game in an administrative capacity, excepting for a period on active service since 1915. In that year he became a member of the New South Wales Junior Association Management Committee being appointed to the assistant Hon. Secretaryship of that association the same year. He became Hon. Secretary in 1917, and a member of the Senior Association Management Committee. It was in that year also that he enlisted with the A.I.F., where he has distinguished service to his credit. He was elected on the retirement of Mr. J. Black to the Hon. Secretaryship of the Sydney Referees' Association in 1923, and also appointed to the Examination Board and Lecture Committee. In 1924 and last year he represented the Sydney Referees in the New South Wales Referees' Subcommittee, and was also a member of the New South Wales Referees' Appointment Board in both years. He took a seat on the Metropolitan Junior Association Management Committee in 1924, and on the retirement of Mr. F. West was elected President.

Mr. Jones can be depended upon to give his unflinching support to all movements for the benefit of the Juniors, and his elevation is a tribute to his zeal, energy and ability. Colleagues and fellow officers of the Juniors find him able and conscientious, and the business side of their relationships have been rendered pleasant by the feeling of good fellowship and comradeship, which has largely by his influence, made the Metropolitan Junior Association the live and progressive association it is at the present time.

The Tasmanian's visit to Newcastle cost the N.D.B.F.A. between forty and fifty pounds as the players were not billeted, but accommodated at a hotel.

## GARDINER CUP.

### The Substitute Question.

Some misconception seems to exist as to the rules of the New South Wales Association on the substitute question. This matter has figured largely this year owing to the visit of the English team, and the refusal of the English managers to make an arrangement to allow substitutes for injured players. The N.S. Wales Rules provide that "Substitutes for injured players will only be allowed during the first half of the game, provided the referee consents." This is not intended to mean that the referee has full power to say substitutes shall be allowed or shall not be allowed at the caprice of the individual referee. It is meant to be an instruction to referees to allow substitutes providing they are satisfied that the injury received by a player in a match is such as to warrant him allowing a substitute for such injured player. There has been several incidents this year in Gardiner Cup matches owing to a misunderstanding of the position. The competition rules of the Metropolitan Association are slightly different to the New South Wales rules. In the Metropolis substitutes are allowed providing the referee and the opposing captain consents. In one Gardiner Cup match in Sydney the captain of the Sydney team informed the referee before the game that he would not allow substitutes, but was politely told he did not have any say in the matter. The referee is the sole judge in G.C. matches as to whether substitutes shall be allowed. In Newcastle another Sydney team this year had a different experience. The referee (wrongly) informed the skipper of the visiting team that he would not allow substitutes, and on being questioned after the match referred the questioners to the referees' chart, and said that the laws of the game were his authority. This referee—a newcomer to the country—had either not familiarised himself with N.S. Wales conditions and rules, or he deliberately flouted the intention of the rule,

relying on the printed words, "provided the referee consents." It is plain that the controlling body in this State will have to state clearly and in unambiguous terms its wishes, and that it shall see that same are strictly adhered to in all matches in the State, as it is generally agreed that uniformity of practice is absolutely essential.

## MR. S. H. STACK.

### Resigning Hon. Secretaryship.

Mr. S. H. Stack, who holds many positions in the Councils of the game, does not intend to seek re-election of the Hon. Secretaryship of the Metropolitan Association next year for business reasons. It is understood that Mr. Stack will allow himself to be nominated for a position on the Management Committee, where his advice is so invaluable.

## SPECIAL SUB-COMMITTEE

## To Report on District Football and Rules.

The Metropolitan Management Committee decided on Monday night last to appoint the following Sub-committee to report on the operation of District Football last year, and suggest any amendments that may be deemed desirable for next year. Also to submit a report on the rules generally. The following were appointed members of the Sub-committee:—Messrs. S. A. Storey, J. Black, S. Howard, R. Midgely, R. Storey.

## "Benefit" Committee.

The following were appointed a committee and joint Hon. Secs. of the "benefit" being organised for the dependents of "Jock" Murray, the well-known St. George full back, who died from tetanus as a result of an injury received while playing with his

club against St. George. The benefit will take the form of social and dance, and will be held at Leichhardt Town Hall. One of the features of the presentation will be the presentation of sets of medals to the winners of the senior competitions.

## NOTES ON THE PLAY.

## By "C.H.B."

Norman Hill spoilt a wise good display on Saturday by concentrating too much on pinning the other fellow, instead of opening up the play himself.

Robertson, Gladesville's, is in championship form, and does well to-day if he does "to the gallery."

Montgomery, after an excellent start last Saturday, really well, and is a great addition to the Gladesville-Ryde.

Edwards' absence from "Magpies" on Saturday was noticeable, but Mace and played in good style.

Atchison after his initial take last Saturday performed valourously, his saving of the goal from Masters from close being wonderfully executed.

There is no doubt about Atchison's ability, and he was a useful player on a tour.

Smith, the Eastern centre, further added to his reputation last Saturday with a great display. In the second half he was hampered by referee Brown's questionable side decisions, and these had a big bearing on the result of the match.

Smith showed out to his advantage than Masters, though it must be remembered that "Judy" had a bad day, for he went on the field.

O'Connor has fallen on an inside right, and seems to hang on to the ball too
